Profile

I am Web and computer savvy combined with an analytical mind and great attention to detail. I have a friendly and personable demeanor so I can offer great customer service as well as being able build relationships with team members and customers.

Experience

Campaign Coordinator II, Yellowbook; Feb. 2010-June 2011

I created and managed over 70 pay-per-click Google/Bing SEM Campaigns while also being first-tier phone and e-mail support for clients and sales representatives. I also did paperwork audits for new accounts and followed up with sales and account managers for accounts needing payment.

Interactive Project Manager, Stamats; 2006-2009

I managed Interactive Projects from start to finish. Projects included Web site strategy, architecture, design, content, video and features for higher education institutions. I worked closely with clients, client consultants, teams of strategists, writers, designers and programmers to complete projects. I also reviewed strategic documents and provided editorial and strategic recommendations.

Key Accounts Manager, OverCoffee Productions 2003-2005

(Formerly DVR,Inc.) I managed Wholesale, B2B and Retail Web sites from start to launch. I assisted with all aspects of site development including server set up, CMS installation, content migration, data base uploads, bulk image processing, e-newsletters, and landing pages. I provided personal attention to each client including training and support.

Web Content Editor, DVR, Inc.,1998-2003

I built and maintained Web sites using HTML, PHP, and created support graphics as needed. I was first tier tech support for incoming calls. I assisted with server administration: e-mail and DNS, training and follow up support.

Education

Bachelor of Arts - Physics, University of Omaha, NE 1992
